VISION

Every child benefits of accessible, affordable and continuous protection inside and outside of family environment.

MISSION

ChildPact changes lives of children by inspiring transformational child protection policy making and implementation.

ACTION STATEMENT

ChildPact believes child protection is an investment rather than a social assistance policy and seeks to take child protection to the next and best level by:

- Engaging with decision makers at all levels in meaningful and authentic ways (advocacy & policy);
- Profiling as evidence and knowledge hub on child protection issues (documentation & knowledge sharing);
- Enabling its members to tackle current and emergent challenges in child protection (capacity building);
- Reinforcing the work of its members by conveying their messages above the national level (representation of interests);
- Embedding child participation in its work (focus on children as actors not as beneficiaries).

STRATEGY

OBJECTIVE #1

ChildPact advocates for and contributes to evidence based policy making that embeds child protection at all levels of decision and implementation.

OBJECTIVE #2

ChildPact supports the strengthening of its members' capacity to tackle current and emergent issues in child protection.

OBJECTIVE #3

ChildPact acts as a reference point on child protection issues based on the Child Protection Index.

KEY ACTIONS

- 1.1.** Conduct evidence-based advocacy in relation to child protection issues;
 - 1.2.** Contribute to policy making in areas related to child protection at European level;
 - 1.3.** Build working relationships with European institutions that can help taking child protection forward in European policy making;
 - 1.4.** Assume leadership in the public space for follow up on policies and their implementation at European, regional, and national levels;
 - 1.5.** Monitor evolutions in child protection and communicate widely about them.
-
- 2.1.** Facilitate the exchange of experience and good practice among members;
 - 2.2.** Build capacity of members in areas needed to ensure their sustainability (communication, fundraising, human resources management, good governance etc.);
 - 2.3.** Support the national level advocacy and policy work of members;
 - 2.4.** Develop an organizational culture that facilitates internal communication and enhances collaboration among members;
 - 2.5.** Define internal decision-making procedures and operational practices that enhance good governance and transparency.
-
- 3.1.** Implement Child Protection Index (CPI) in all member countries of ChildPact regularly;
 - 3.2.** Build recognition of CPI as a strong tool for child protection with wide applicability;
 - 3.3.** Convene expertise holders in fields affecting child protection and facilitate the exchange of expertise and knowledge and the joint action;
 - 3.4.** Issue evidence based regular communication about child protection issues targeting diverse audiences;
 - 3.5.** Build a critical mass among the general public that is ready to stand for better child protection policies at European, regional, and national levels.
